

## **CUPE Supply Negotiating Committee:**

The CUPE 1453 Supply Negotiating Committee has filed an application for the appointment of a Conciliation Officer by the Ministry of Labour.

In this process we are simply trying to “clear the decks” as a requirement if we are to retain the option of taking job action in support of our proposals.

For this reason we have filed for Conciliation. For a more complete update on bargaining please attend a Membership Meeting at the CUPE Office in Peterborough as listed below.
